A Portrait of the Moon

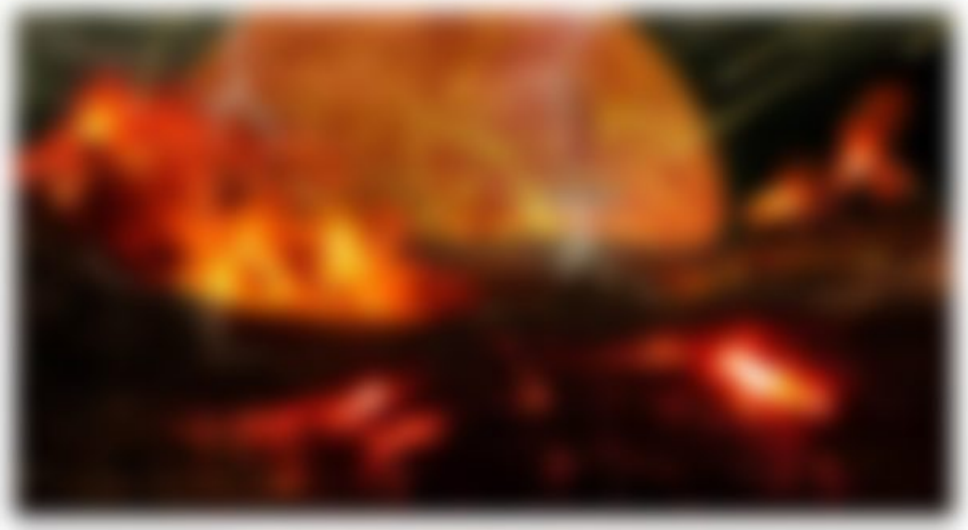

Symbol & Reflection of the Feminine

This **Hadean Sun** is the first garnet in the history of the Earth.

It began with the formation of the Earth
about **4.6 billion years ago** and lasts approximately **800 million years**.

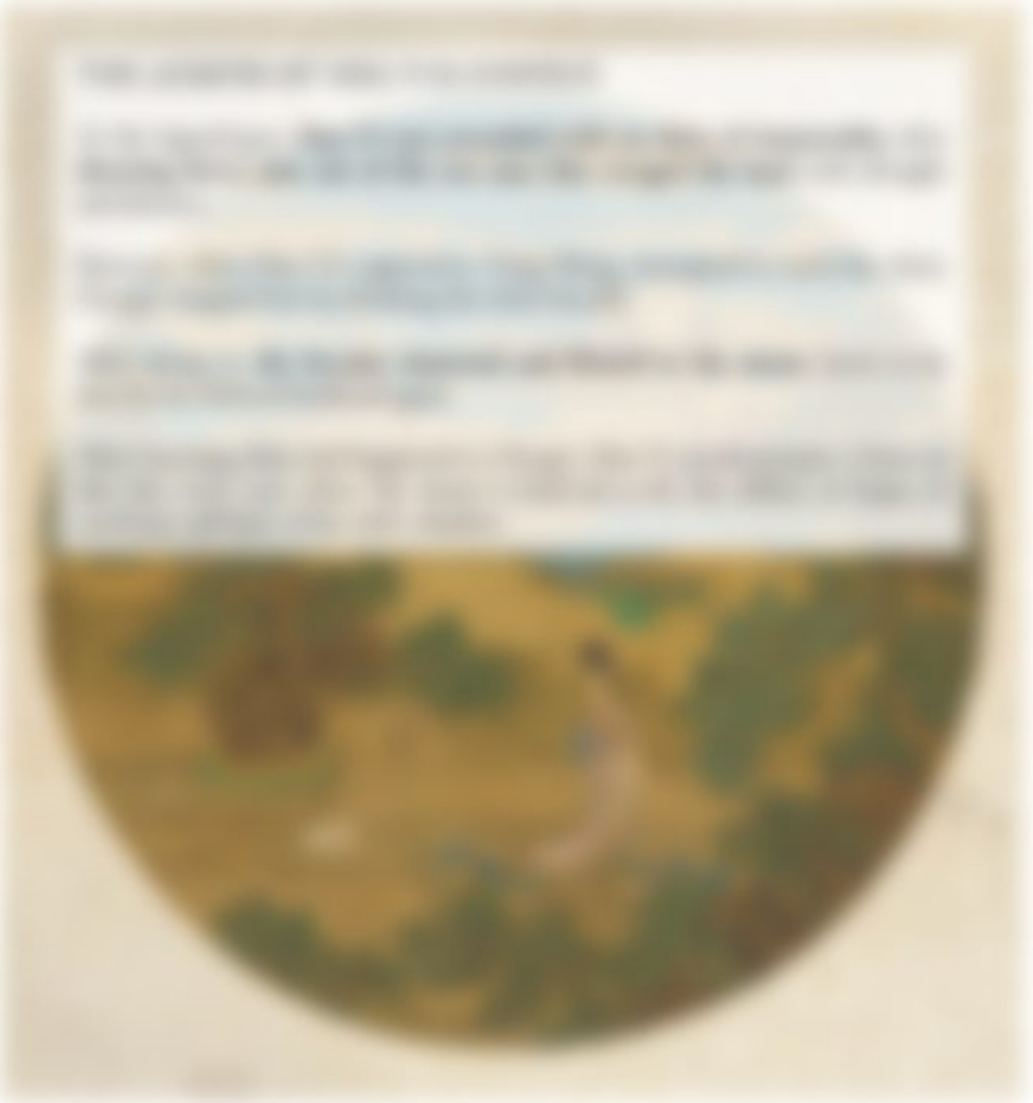

The Eternal Flow of Water

And its Mysterious & Elusive Nature

Symbolism**s** of the Mirror

And its Many Reflections of identities

The "Mother-Daughter" Equilibrium

Identity & Self-development of the Eternal Feminine

Chinese Watercolor Painting, Mother & Daughter at Window with Trees, 19th Century

Opposite Forces

And their Creative Union
